MARTINIQUE'S HORROR

OVER FORTY THOUSAND PEOPLE
ARE BELIEVED TO HAVE
PERISHED.

TOWN ENTIRELY DESTROYED

City of St. Pierre Completely Enveloped in a Storm of Steam, Mud and Fire—Not Over Twenty Persons Escaped—Eighteen Vessels in the Harbor Burned and Sunk—United States Consul a Victim.

San Juan, Porto Rico, May 10.—The cable officials here have received advices from Dominica that a schooner which has arrived there from the island of Martinique reports that over 40,000 people are supposed to have perished during the volcanic disturbances there. The cable repair steamer Grappler, belonging to the West India and Panama Telegraph company of London was lost with all hands during the eruption of Mount Pelee at St. Pierre, Martinique. The Grappler was one of the first ships to disappear.

Washington, May 10.—The following cablegram has been received at the state department from Consul Ayme at Pointe-A-Pitre, Island of Guadeloupe, French West Indies:

"At 7 o'clock a. m., on the 8th inst., a storm of steam, mud and fire enveloped the city of St. Pierre, Martinique, and community. Not more than 20 persons escaped with their lives. Eighteen vessels were burned and sunk, with all on board, including four American vessels and a steamer from Quebec named Horaima. The United States consul and family are reported among the victims."

The consul at Martinique is Thomas T. Prentiss. He was born in Michigan and was appointed from Massachusetts as consul at Martinique in 1900. The vice consul at Martinique is Amedee Testart, who was born and appointed from Louisiana in 1898. The latest available figures show that the total population of the island of Martinique is 185,000 people, of whom 25,000 lived in St. Pierre, and, according to Mr. Ayme, have nearly all perished.

"GLIMPSES OF HELL"

Survivors of the St. Pierre Horror Describe the Terrible Scene.

London, May 10.—A dispatch to The Daily Mail from Pointe-A-Pitre, Island of Guadeloupe, French West Indies, says:

"The Mount Pelee (St. Pierre) crater ejected Thursday morning molten rocks and ashes during three minutes and completely destroyed St. Pierre and the districts within a four-mile radius. All the inhabitants were burned."

"About eight passengers from the Horaima of the Quebec Steamship line were saved by the French cruiser Suchet."

"The inhabitants of the southern districts of the island, who were dependent upon St. Pierre for provisions, are menaced by famine."

A dispatch to The Daily Mail from Jamaica says:

"The survivors of the British steamer Roddam describe the scene at St. Pierre as being 'glimpses of hell,' begging description. The Roddam's men were chiefly killed by molten lava. The Horaima was wrecked in a terrible upheaval of land and sea. The whole crew perished. Two ships were lost with all on board in an attempt to approach Martinique."

MOUNTAIN EXPLODED.

British Schooner Opposite St. Pierre When Calamity Occurred.

St. Thomas, Danish West Indies, May 10.—The British schooner Ocean Traveler of St. John, N. B., arrived at the island of Dominica, British West Indies, during the afternoon. She was obliged to flee from the island of St. Vincent, British West Indies, during the afternoon of Wednesday, May 7, in consequence of a heavy fall of sand from a volcano, which was erupting there. She tried to reach the island of St. Lucia, British West Indies, but adverse currents prevented her from so doing. The schooner arrived opposite St. Pierre, Martinique, Thursday morning, May 8. While about a mile off the volcano of Mount Pelee exploded and fire from it swept the whole town of St. Pierre, destroying the town and the shipping there, including the cable repair ship Grappler of the West India and Panama Telegraph company of London, which was engaged in repairing the cable near the Guerin factory.

QUIET IS RESTORED.

President Jimenez and Associates Leave the Foreign Legations.

San Domingo, Republic of Santo Domingo, May 10.—Former President Jimenez of the Dominican republic and his ministers have left the foreign legations here, where they had sought refuge.

Quiet has been restored in the city. The hospitals are full of men who were wounded in the last engagement between the Dominican revolutionists and the forces of the former government. A Red Cross hospital has been established and is caring for the wounded.

SCHOOL FOR DEAF BURNS.

Iowa Loses Its Fourth State Institution in Two Years.

Council Bluffs, Ia., May 10.—Fire that started at 4 o'clock p. m. destroyed the main building and the chapel of the Iowa school for the deaf, causing a loss estimated at \$350,000. The buildings were uninsured, the state carrying its own risks. Fire Chief Templeton of this city was twice overcome by the heat and his hands were badly burned. One woman narrowly escaped being crushed under falling walls and the faces of three firemen were severely burned. There were 260 pupils and 63 teachers, officers and employees in the building at the time, all of whom escaped without difficulty. The entire main building, 300 by 75 feet, and four stories high, and the chapel, 125 by 75 feet, and their contents, were burned, little if anything being saved beyond the personal belongings of the pupils.

The fire was discovered in the floor between the kitchen and the chapel and its origin is unknown. The institution is located beyond the fire limits of the city and depends on an independent plant for fire protection. This plant was utilized, but its pressure was insufficient and when the city department reached the buildings the flames were beyond control. From the chapel they swept north to the elevator shaft of the main building, both wings of which were soon in flames.

The fire department was helpless, there being no engine, and the pumping station lacked power to force the water through the line of hose laid by the firemen.

This is the fourth state institution to burn within two years, the others being at Iowa City, Ames and Glenwood.

IN ARLINGTON CEMETERY.

Remains of Rear Admiral Sampson Are Laid at Rest.

Washington, May 10.—No naval funeral of recent years has exceeded in pomp and circumstance that of the late Rear Admiral Sampson. The president and his cabinet, senators and representatives, justices of the supreme court, military and naval officers of all ranks and the diplomatic body, were in attendance.

The funeral services were simple and impressive, being little more than the ritual of the Presbyterian church. The escort was composed of detachments from both the army and navy, including the naval cadets from Annapolis, 247 strong, a corps that never has paraded in Washington before save when a president was to be inaugurated.

At the grave the same simplicity was maintained, the services being confined to a prayer for the dead, reading of a psalm and music. At their conclusion a battery at the gates of the cemetery fired three salvos, the Marine band played "Safe in the Arms of Jesus," and a bugler at the head of the open grave sounded "taps," marking the last earthly ceremony over the dead officer.

OUSTER PROCEEDINGS.

Missouri's Attorney General Begins Action Against the Packers.

Jefferson City, May 10.—Attorney General Crow has filed in the supreme court ouster proceedings against the Armour Packing company, the Hammond Packing company, the Cudahy Packing company, Armour & Co., and the Krug Packing company, for violating prices and to control the supply of dressed, cured and smoked meats and lard in Missouri. An alternative writ was issued returnable to the court on June 30. The information alleged that Nelson Morris & Co. of Kansas City and Schwarzschild & Sulzberger of Kansas City are in the combination, but as they are co-partnerships it will require another kind of proceeding to reach them. This will be filed immediately by the attorney general. The proceedings are the result of the inquiry before Judge Burges, where evidence was secured from butchers and dealers. United States Attorney General Knox telegraphed Attorney General Crow for a copy of the evidence and he will furnish it at once.

CORRIGAN'S FUNERAL.

Remarkable Gathering of Clergy at the Dead Archbishop's Interment.

New York, May 10.—The body of the Most Rev. Michael Augustine Corrigan, D. D., archbishop of New York, was interred in the crypt of St. Patrick's cathedral. The funeral was conducted with all the impressive solemnity and ceremony of his church and attended by a remarkable gathering of clergy, fully 1,000 priests, bishops and archbishops, headed by Cardinal Gibbons, being in attendance. There were also present national guard officers in uniform and various officers of the city government.

VICTORIOUS EVERYWHERE.

Believed Venezuelan Revolutionists Will Soon Occupy Caracas.

Port of Spain, Trinidad, British West Indies, Thursday, May 8.—The occupation of Caracas by the Venezuelan revolutionary forces is considered as certain within a short time. They are victorious everywhere. The president of the district of Guayana has established an autonomous government.

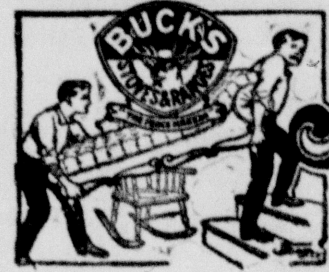

A Matter of Ears.

"You should get your ears lopped," O'Brien said a "smart" tourist to an Irish peasant whom he was quizzing. "They're too large for a man." "An', bebad," replied the Hibernian, "I was just thinkin' yours would want to be made larger. Sure, they're too small for an ass."—Tit-Bits.

BILL ADMITTING OKLAHOMA,
ARIZONA AND NEW MEXICO
PASSES HOUSE.

ALL OPPOSITION IS CRUSHED

Test Vote on the Measure Shows an Overwhelming Majority and It Goes Through Without Division—Delegate Smith Stricken With Apoplexy While Opposing the Overstreet Amendment.

Washington, May 10.—The opposition in the house to the bill for the admission of Oklahoma, Arizona and New Mexico collapsed at the last minute and the bill was passed without division as it came from the committee except for a few verbal amendments. The real test came on the amendment offered by Mr. Overstreet of Indiana to join New Mexico and Arizona and admit them as the state of Montezuma. It was beaten, 28 to 106, and all opposition then ceased. The closing scenes of the debate were accompanied by a dramatic incident which narrowly escaped being a tragedy. Delegate Mark A. Smith of Arizona, who has been fighting for the admission of his territory for a dozen years, had just made a vigorous speech against the Overstreet amendment when he was seized with a rush of blood to the head. He was conveyed to the lobby, where several physicians who are members of the house, by the prompt administration of powerful heart stimulants, saved him from a stroke of apoplexy. He later rallied and was removed to his hotel.

The bill as passed provides enabling acts for Oklahoma, Arizona and New Mexico, similar in form to former enabling acts, with the exception that the constitutional convention of New Mexico is empowered to designate the name by which the new state shall enter the Union, and in the case of Oklahoma the convention by irrevocable ordinance shall express the consent of that state that congress at any future time may attach all or any part of Indian Territory to it. The enabling acts differ from each other chiefly in reference to the public lands appropriated for educational and public purposes.

The latter part of the session was devoted to private pension bills, 97 of which were passed, 28 original, 54 for increase and 5 to complete military records.

CONSUL GENERAL AT LONDON.

Nomination of H. Clay Evans Is Confirmed by the Senate.

Washington, May 10.—The senate has confirmed the nomination of H. Clay Evans to be consul general at London.

In view of the published statements to the contrary, it can be said on good authority that cannot be questioned that Commissioner Evans' desire to sever his connection with the pension bureau was not prompted by any suggestion or promise on the part of the president or any one speaking for him. His resignation as commissioner was a voluntary act and entirely independent of any outside consideration. The tender of the London consul generalship came after his resignation had been handed to the president.

Senator Hanna Asks the President to Grant a New Trial.

Washington, May 10.—Senator Hanna has presented to the president a memorial prepared in behalf of Estes G. Rathbone, urging the president to grant a new trial and to set aside the sentence imposed in Cuba on Rathbone for alleged maladministration of Cuban postal affairs. The memorial asserts that a trial according to American methods and under our system of judicial procedure would have resulted in the acquittal of Rathbone instead of his conviction.

Senator Hanna had quite a long conference with President Roosevelt late in the afternoon over the Rathbone matter. Senator Spooner came in during the conference, but it is stated his presence was not prearranged, but was accidental.

Nicaragua Will Participate.

Chicago, May 10.—The International Olympic Games association has received official notice that the government of Nicaragua has taken official recognition of the games to be held in Chicago in 1904 and will send representatives to be present at the contests. This action is in harmony with the resolution adopted by the Pan American congress at its recent session in Mexico City, urging upon the governments therein represented to support the coming games.

Object to "Jim Crow" Cars.

Washington, May 10.—Appeals against racial discriminations on "Jim Crow" railway cars were made before the house committee on commerce by a delegation of prominent railway men, including ex-Congressman White of North Carolina, Assistant Register of the Treasury Adams and Rev. Walter H. Brooks. The delegation asked for an amendment to the interstate commerce law prohibiting discrimination on passenger cars on account of race or color.

Effort to Fix Time for a Vote on Philippine Bill in the Senate.

Washington, May 10.—An effort was made in the senate to fix a time for a vote on the pending Philippine bill, but it was unsuccessful. The minority said many senators still desired to speak on the measure and it would not be proper to determine at this time upon a vote. The debate on the Philippine bill was mild. Mr. Teller (Colo.) occupied considerable time in opposition to the measure. He contended principally that the Filipinos were capable of self-government and of establishing a government quite equal to some European governments.

Some debate occurred over the resolution to discharge the committee on privileges and elections from further consideration of the proposed constitutional amendment providing for the election of senators by the people. Finally the resolution was withdrawn, assurance being given that a report from the committee soon would be made.

Chicago Defeats Northwestern.

Chicago, May 10.—The University of Chicago defeated Northwestern university in the annual track meet at Evanston by a score of 77 to 35. In the 14 events Northwestern won but 4 firsts and 5 seconds. IT WAS UNSUCCESSFUL.

Effort to Fix Time for a Vote on Philippine Bill in the Senate.

Washington, May 10.—An effort was made in the senate to fix a time for a vote on the pending Philippine bill, but it was unsuccessful. The minority said many senators still desired to speak on the measure and it would not be proper to determine at this time upon a vote. The debate on the Philippine bill was mild. Mr. Teller (Colo.) occupied considerable time in opposition to the measure. He contended principally that the Filipinos were capable of self-government and of establishing a government quite equal to some European governments.

Some debate occurred over the resolution to discharge the committee on privileges and elections from further consideration of the proposed constitutional amendment providing for the election of senators by the people. Finally the resolution was withdrawn, assurance being given that a report from the committee soon would be made.

Chicago Defeats Northwestern.

Chicago, May 10.—The University of Chicago defeated Northwestern university in the annual track meet at Evanston by a score of 77 to 55. In the 14 events Northwestern won but 4 firsts and 5 seconds. In 5 of the events Chicago got both the first and second places. Blair of Chicago in the 100-yard dash tied the world's record.

Cloudy tonight and Sunday. Rain.

The vegetarian has the laugh on the meat eaters these days.

The auditor of Morrison county, H. N. Harding, has resigned the office to accept a position in the First National bank of Little Falls.

The Little Falls Herald thinks there is no good reason why the democrats should not elect the senator and representatives in this legislative district next fall. Lack of votes, Bro. Vassaly, will be the "good" reason.

At Cass Lake the village council has ordered the marshal to close all gambling joints and keep them closed. The village is one of those border towns where gambling has been considered a legitimate business and where it has flourished in all its glory since the town was laid out, nearly every other business place being a saloon, with its roulette wheel and other back room devices for gathering in the coin of the unsuspecting ones. Cass Lake is to be congratulated.

SEVERAL cities in Minnesota have set aside an "annual cleaning day," proclamations being issued by the executive officer, and all patriotic citizens observe the same by giving their premises a general cleaning, the adjacent property if it is vacant, and the street in front of the property. In this way the entire city is cleaned and in a novel way which creates enthusiasm in the work and induces the man next door who would let his premises remain in a filthy condition the year round, to get a move on himself, simply because all his neighbors were doing so. The idea is a good one and could be adopted in Brainerd with a beneficial effect.

Skeleton Found.

N. J. Quinn, of Sauk Rapids, who is engaged as operator for the Northern Pacific at Lincoln, informs a reporter of this paper that quite a sensation was created at that place Monday. While getting out gravel for the construction of a road bed on the Staples division a skeleton of a man was found. The coroner was informed of the find and arrived soon after from Little Falls. It is thought the remains have laid there for all of a year. No clue as to its identity could be found. Lincoln is located midway between Staples and Little Falls is nothing more than a camping ground for the railroad crew who are engaged in the gravel pit.—Journal-Press.

ELECT MORE TEACHERS.

The Members of the Board of Education Met Last Night to Take up this Branch of Business.

There was a special meeting of the members of the board of education last night at the Washington school building, the meeting having been called for the purpose of electing more teachers, according to recommendations of the teachers' committee at the last meeting.

The board elected the following for the ensuing year:

Miss Margaret Walker, White-water, Wis.; Miss Emma Hanson, Sleepy Eye, Minn.; Miss Fanny Skiles, Wayne, Neb.; Miss Mary Carr, Norfolk, Neb.; Miss Anna B. Keating, Albert Lea, Minn.; Miss Berdene Leonard, Watertown, S. D.; Miss Helen Murray, Brainerd, and Miss Carrie Barden, Waukon, Iowa.

No Names Needed.

A western Kansas story shows how to be personal without mentioning names.

It was in a poker game at Colby. The sheriff of Logan county had been steadily losing to the treasurer of Ellis county. The treasurer of Ellis county had the misfortune to be possessed of but one eye, and he was a little clumsy in handling the cards. After a play in which the treasurer took a big pot from the sheriff the sheriff said, "Gentlemen, I ain't a-namin' no names, but if some of you don't quit raisin' cards from the floor he'll get his other eye knocked out!"—Kansas City Journal.

ELOPERS ARRESTED IN THE ZENITH CITY

Sheriff Irwin Passed Through City Yesterday En Route To Wadena with Them

MARRIED MAN AND TEACHER.

Merritt Babcock Flees with a Pretty Miss with Whom He was in Love.

Yesterday afternoon Sheriff A. L. Irvine passed through the city on his way home to Wadena from Duluth where he went to arrest Merritt Babcock, of Wadena, who eloped with Grace Hewett, a pretty young school teacher, leaving a wife and four children.

The Duluth Herald has the following account of the arrest:

"Three detectives terminated a rather sensational elopement last night.

"Merritt Babcock, a prominent jeweler and business man of Wadena, left a wife and four children to elope with Miss Grace Hewett, a pretty young school teacher of that place.

"They reached Duluth last evening a few hours behind a telegram that announced their coming and sought their arrest. A detective was at the Union depot to shadow them.

"They decided on lodgings in a small European plan hotel, and the officer reported the location at headquarters. Shortly afterwards Detectives Mork, Irvine and Terry visited the hotel, satisfied themselves as to the description, and placed the elopers under arrest.

"Mr. Babcock very angrily told the officers that they were making a mistake for which they would have to answer, and Miss Hewett, who is merely a girl of 18, was guilty of a display of petulance.

"She was a very pretty blonde, stylishly gowned, and comes from one of the most respected families in Wadena county. Her liking for Babcock was known to several intimate friends, so when they both mysteriously disappeared yesterday, and it was found that the man had purchased tickets for this city, the father of Miss Hewett did the rest."

Assyrian Seals.

The ancient Assyrians nearly 6,000 years ago put in moist clay their seals, engraved in intaglio upon precious stones, on chests and doors, in order to prevent their being opened. There were no locks or keys in those days. If they wished to send a private letter, they would often seal it with a hippogriff, which fabulous winged horse was regarded as the emblem of secrecy. Centuries later the Greeks and Romans adopted similar devices for the same purpose.

How It Sounded.

"How is the board down at your place?" asked the ribbon clerk. "Oh, we have nothing but health food every meal," responded the lace clerk. "Then I don't think I'll come." "Why not?" "I'm not looking for the board of health."—Chicago News.

Mr. Gladstone's Catch.

"How many members of this house," asked Mr. Gladstone once in the course of a debate on electoral qualifications, "can divide £1,330 17s. 6d. by £2 13s. 8d.?"

"Six hundred and fifty-eight!" shouted one member.

"The thing cannot be done!" exclaimed another.

A roar of laughter greeted this last remark. But it was true, nevertheless. You cannot multiply or divide money by money. You may repeat a smaller sum of money as many times as it is contained in a larger sum of money, but that is a very different thing. If you repeat 5 shillings as often as there are hairs in a horse's tail, you do not multiply 5 shillings by a horse tail. Perhaps you did not know this before. Never mind; you need not be ashamed of your ignorance, for it was shared, as has been demonstrated, by the entire house of commons (bar one member), including the then chancellor of the exchequer.

How to Form the Reading Habit.

In order to organize odd minutes into fruitful hours one must have a consistent scheme and keep the means of carrying it out within reach. Too many people read the books which come in their way instead of putting themselves in the way of getting the right books. They buy and borrow without thought or plan because they do not understand that reading ought to be a resource as well as a recreation. Decide in advance what books you will read, and do not take up with those which drift in your direction. Do not burden yourself with a scheme so extensive that it discourages you; do not at the start plan courses of reading so vast that you are weighed down with their magnitude. Begin in a quiet and easy way by planning to read consecutively a few books in some field which interests you.—Hamilton W. Mable in Ladies' Home Journal.

Weekly Market Letter.

The following market letter is furnished by Edwards, Wood & Co., grain commission merchants, 8 Chamber of Commerce, Minneapolis; 310, Board of Trade, Duluth:

May 7—Trading in wheat was not quite so heavy last week as the week before, still the market was active, rather nervous and a good business was done. During the first three days of the week prices advanced to the high point for the week before—77½ for the July option on the strength of very light receipts, large clearances, good cash demand and weather and crop conditions. A feature was the large deliveries on May contracts, which were three million bushels at Chicago, 1,600,000 bushels at Minneapolis, and 1 million bushels at Duluth. Minneapolis Wheat has advanced to the Chicago price and closed ½ higher. If receipts do not improve, wheat will sell higher notwithstanding good crop prospects.

Some Brainerd Residents Have Learned to Keep it Away

Your back may not ache very long.

But the ache will return shortly, Comes oftener-stays longer.

Unless the kidneys are relieved.

Doan's Kidney Pills cure all kidney ills.

Brainerd people endorse them. Mrs. S. Brain, of 125 South 9th street, says: Doan's Kidney Pills cannot be spoken of in too high terms. I suffered greatly from my back, the symptoms showing unmistakably that the kidneys were at fault. The secretions from those organs were scanty and caused some pain; the aching in my back was constant and exceeding distressing.

When my husband brought me Doan's Kidney Pills I was much in need of relief. I used them and in a comparatively short time the pain had disappeared and the improvement in my constitution was general. The kidneys were quickly restored to health and performed their functions naturally.

Weekly Market Letter.

The following market letter is furnished by Edwards, Wood & Co., grain commission merchants, 8 Chamber of Commerce, Minneapolis; 310, Board of Trade, Duluth:

May 7—Trading in wheat was not quite so heavy last week as the week before, still the market was active, rather nervous and a good business was done. During the first three days of the week prices advanced to the high point for the week before—77½ for the July option on the strength of very light receipts, large clearances, good cash demand and weather and crop conditions. A feature was the large deliveries on May contracts, which were three million bushels at Chicago, 1,600,000 bushels at Minneapolis, and 1 million bushels at Duluth. Minneapolis Wheat has advanced to the Chicago price and closed 1 higher. If receipts do not improve, wheat will sell higher notwithstanding good crop prospects.

IT WILL COME BACK.

Some Brainerd Residents Have Learned to Keep it Away

Your back may not ache very long.

But the ache will return shortly, Comes oftener-stays longer, Unless the kidneys are relieved. Doan's Kidney Pills cure all kidney ills.

Brainerd people endorse them. Mrs. S. Brain, of 125 South 9th street, says: Doan's Kidney Pills cannot be spoken of in too high terms. I suffered greatly from my back, the symptoms showing unmistakably that the kidneys were at fault. The secretions from those organs were scanty and caused some pain; the aching in my back was constant and exceeding distressing. When my husband brought me Doan's Kidney Pills I was much in need of relief. I used them and in a comparatively short time the pain had disappeared and the improvement in my constitution was general. The kidneys were quickly restored to health and performed their functions naturally.

MUST MOVE AUGUST 15

Mayor Halsted has Issued an Order Relating to the Sporting Houses
Of the City

The police committee with the mayor, city attorney and chief of police met last night on call of Chairman Fogelstrom to take up the matter of moving the houses of ill fame in the city of Brainerd to another location.

The proposition was referred to this committee by the city council to investigate. Of course, so far as the council is concerned they have nothing to do with the removal of the houses. It all rests with the mayor, who has a right to order them moved anywhere in the city, out of the city if he sees fit.

The committee, however, discussed the matter at length and they decided to recommend that the plat as prepared by A. A. White, the owner of the land in question, be adopted, and that the west end addition be created. The mayor has ordered the chief of police to serve notice on the women to vacate the houses on Third street by August 15.

Seen today regarding the matter Mayor Halsted had the following to say:

"Yes, I have instructed the chief to notify the 'sporting house' people to close up, or 'move on,' and have given them three months to do so. No, I did not designate in my order any particular locality where they could go. As you know, I have had this action in contemplation for a long time. of Norwood street. This property is owned by A. A. White, of St. Paul. Mr. Waldrop, his Brainerd agent, tells me that he had inquiries from two of the "madams" for the purchase of lots there, several months ago. Mr. White, however, at first absolutely refused to sell to them, as he realized that it would, of course, affect the sale of other lots in that vicinity owned by him. Very recently, however, he decided that he would sell to them, realizing, I suppose, that while his property on "the point" would depreciate in value, he would be the gainer in the first ward, where he owns some property that would doubtless increase in value by the removal of "the houses." As I understand it, he offers lots on the point at the rate of \$75 for 25 feet front, and 140 deep. No payment of any kind is required to be made for one year, and no interest is to be paid the first year. At the end of the first year one-quarter of the amount is to be paid, and the same amount at the end of each year thereafter, the balances bearing interest at the rate of 8 per cent per annum.

"There are just three houses of the kind in the city. One of these, we know, will close up within the time given. The other two 'madams' have been talking with Mr. Waldrop, he tells me, and they may buy lots and build on the point, or get some one to build for them, but there is nothing at all certain about it. One thing is certain, however, and that is the houses will be closed where they are at present.

"Should Mr. White make two or three sales at the prices and upon the terms given, the number being, of course, necessarily limited, he would really get little or nothing out of the transaction, after deducting Mr. Waldrop's commission for handling the property, and the expense of surveying and platting it, clearing it of underbrush, grading, etc."

California Pine.

ALL COVERED WITH SCRIP.

California Lumber Company Anticipates Their Action and Files First.

Under the above caption the St. Cloud Journal-Press publishes the following letter from H. W. Grimmer, its local editor, who was a member of the party that went from Minnesota to locate on timber land in California, and which contained several gentlemen from Brainerd:

Greenville, Plumes County, California, May 3:—The Minnesota pine land bunch has been jolted and jolted quite hard.

While perfecting arrangements Thursday evening for starting for the belt of fine timber lying off to the northwest of Susanville, where we are making headquarters, a representative of a San Francisco lumber company was equally busy putting scrip on the bunch of timber reserved for the Minnesotans. At noon it was found that the stranger had scripped 8000 acres, and late in the evening comparison of the plats of the land office with those already made by the law firm employed on the task of locating us showed a zig zag strip of the best timber land taken out of the center of two townships which were to be our future ranches. Disconcerting it surely was, and there was some talk of a plot and a faint suspicion that there had been double dealing. Unquestionably, this is wrong, however, for the fact is that the timber company got a tip from secret representative in Susanville that the fine body of pine was to be taken, and the news by wire to San Francisco brought a man with the scrip. The man, who came up from Reno on the same train with the Minnesotans and then stayed in Susanville, had no difficulty in beating our men, who had first to look over the land before he could make entry. Undismayed, an attorney promised to show us other and

almost as good pine and several of us are here at Greenville, distant northwest and around a mountain 42 miles, for the purpose. It seems, however, quite doubtful if there is desirable pine enough for 102 of us in one tract, and some of the party will probably get left when we draw for locations, which it is now proposed to do to-day. Most of us expect to leave Susanville next Tuesday for the coast.

These mountains of the Sierra Nevada are most interesting, aside from their scenic grandeur, and not a hill or peak that has not its history teeming with heart interest and the tragedies of life.

CHARLES SHEARWOOD DEAD.

A Former Brainerdite Passes Away at Atchinson, Kan., Yesterday Afternoon—Was Engineer Here.

A telegram was received in the city last night by Cashier G. D. LaBar, of the First National bank, from Atchinson, Kan., conveying the sad intelligence of the death of Chas. E. Shearwood, formerly a resident of this city, which was read with considerable regret.

Deceased was an engineer and made his home here for years. He held the responsible position, at one time, of traveling engineer and was particularly well liked by all. He was a Mason, Elk and a member of the locomotive engineer's order. He was a member of the Commandry in this city.

The remains were shipped to Butte, Mont., where the funeral will be held many of his relatives living there.

MUSIC AND DRAMA.

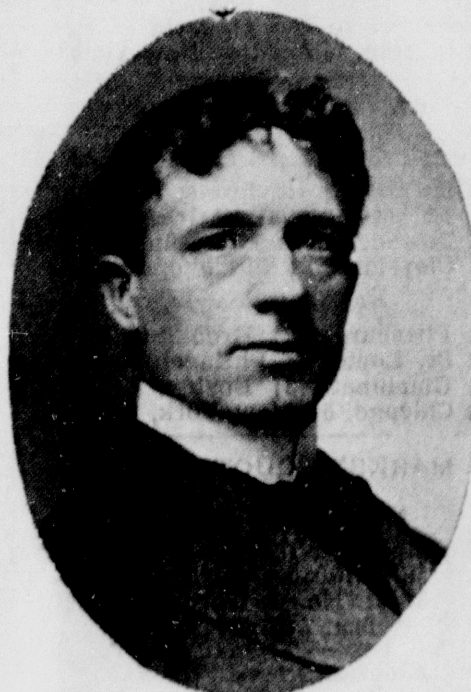

"UNCLE TOM'S CABIN."

The moving, mirthful, kaleidoscopic production known as "Uncle Tom's Cabin" will be presented at the Brainerd Opera House on Wednesday evening, May 14, by the celebrated Stetson Company. There is so much of incident, jollity, tender sentiment, lively dialogue, spectacular situation and poetic justice in ancient Uncle Tom that it will ever be of undying interest to the multitude. It is all very well to be superior to the charm of this entertainment, but it furnishes pleasure to thousands, and there is no offering so enjoyed by young and old alike. The cold critic is met by the logic of the box-office and throws up his hands. The cast is large in number, and well distributed. The hounds and ponies, the music and scenic effects, costumes and accessories are all of the best attainable. Specialties glitter through the evening like stars in a wintry sky. There is buck and wing dancing in the slave mart. There are two Topsy's and two lawyer Marks, and each of each pair is better than the other, so to speak.

Eliza crossing the ice is said to be a strong piece of acting, aided by a scene marvelously realistic. In the Leon Washburn-Stetson Company there are all kinds of dramatic great nesses. It is in a class by itself. Go and see it.

HOWARD KYLE IN "NATHAN HALE."

Wherever "Nathan Hale," Clyde Fitch's play, founded upon the romance and patriotism of one of the grandest characters that ever graced American history, has been given there appears to have awakened a new and keener interest in the young and brilliant schoolmaster, whose services in behalf of his country are gratefully remembered by loving patriots who have caused monuments and statues to be erected in his memory. Recently we learn that a noble bronze figure, an ideal embodiment of all that appeals to the spiritual, religious and moral nature of manhood, a work of marvelous beauty and grandeur, conceived and executed by the eminent sculptor, William Ordway Partridge, has been completed and will shortly stand in the College Green at Yale. While such fitting tributes as these are engrossing the attention of Americans, writers are coming forward with great volumes of literature on the subject of "Nathan Hale," whose praises are being printed in praise and verse.

HOWARD KYLE.

Howard Kyle's portrayal of "Nathan Hale" is said to be the acme of a carefully and conscientiously studied impersonation and to the role he gives an intellectual bearing such as is warranted by a long stage experience in conjunction with artistic genius. absolutely refused to sell to them, as
he realized that it would, of course,
affect the sale of other lots in that
vicinity owned by him. Very re-

would sell to them, realizing, I
suppose, that while his property on
"the point" would depreciate in
value, he would be the gainer in
the first ward, where he owns
some property that would doubt-
less increase in value by the re-
moval of "the houses." As I under-
stand it, he offers lots on the point
at the rate of \$75 for 25 feet front,
and 140 deep. No payment of any
kind is required to be made for one
year, and no interest is to be paid
the first year. At the end of the
first year one-quarter of the amount
is to be paid, and the same amount
at the end of each year thereafter,
the balances bearing interest at the
rate of 8 per cent per annum.

of course, necessarily limited, he
would really get little or nothing out
of the transaction, after deducting
Mr. Waldrop's commission for hand-
ling the property, and the expense
of surveying and platting it, clear-
ing it of underbrush, grading, etc."

The remains were shipped to Butte,
Mont., where the funeral will be held
many of his relatives living there.

Minnesota Pine Land Hunters
Fail to Land on Coveted
California Pine.

ALL COVERED WITH SCRIP.
California Lumber Company An-
ticipates Their Action and
Files First.

Under the above caption the St.
Cloud Journal-Press publishes the
following letter from H. W. Grim-
mer, its local editor, who was a mem-
ber of the party that went from Min-
nesota to locate on timber land in
California, and which contained sev-
eral gentlemen from Brainerd:

Greenville, Plumas County, Cali-
fornia, May 3:—The Minnesota pine
land bunch has been jolted and jolted
quite hard.

While perfecting arrangements
Thursday evening for starting for the
belt of fine timber lying off to the
northwest of Susanville, where we
are making headquarters, a repre-
sentative of a San Francisco lumber
company was equally busy putting
scrip on the bunch of timber reserved
for the Minnesotans. At noon it
was found that the stranger had
scripped 8000 acres, and late in the
evening comparison of the plats of
the land office with those already
made by the law firm employed on
the task of locating us showed a zig
zag strip of the best timber land
taken out of the center of two town-
ships which were to be our future
ranches. Disconcerting it surely
was, and there was some talk of a
plot and a faint suspicion that there
had been double dealing. Unques-
tionably, this is wrong, however, for
the fact is that the timber company
got a tip from secret representative
in Susanville that the fine body of
pine was to be taken, and the news
by wire to San Francisco brought a
man with the scrip. The man, who
came up from Reno on the same train
with the Minnesotans and then stay-
ed in Susanville, had no difficulty in
beating our men, who had first to
look over the land before he could
make entry. Undismayed, an attor-
ney promised to show us other and

CHARLES SHEARWOOD DEAD.

A Former Brainerdite Passes Away at
Atchinson, Kan. Yesterday After-
noon—Was Engineer Here.

A telegram was received in the
city last night by Cashier G. D. La-
Bar, of the First National bank,
from Atchinson, Kan., conveying the
sad intelligence of the death of Chas.
E. Shearwood, formerly a resident of
this city, which was read with consid-
erable regret.

Deceased was an engineer and made
his home here for years. He held
the responsible position, at one time,
of traveling engineer and was particu-
larly well liked by all. He was a
Mason, Elk and a member of the
locomotive engineer's order. He
was a member of the Commandry in
this city.

almost as good pine and several of
us are here at Greenville, distant
northwest and around a mountain
42 miles, for the purpose. It seems,
however, quite doubtful if there is
desirable pine enough for 102 of us
in one tract, and some of the party
will probably get left when we draw
for locations, which it is now pro-
posed to do to-day. Most of us ex-
pect to leave Susanville next Tues-
day for the coast.

These mountains of the Sierra Ne-
vada are most interesting, aside from
their scenic grandeur, and not a hill
or peak that has not its history teem-
ing with heart interest and the trag-
edies of life.

MUSIC AND DRAMA.

"UNCLE TOM'S CABIN."

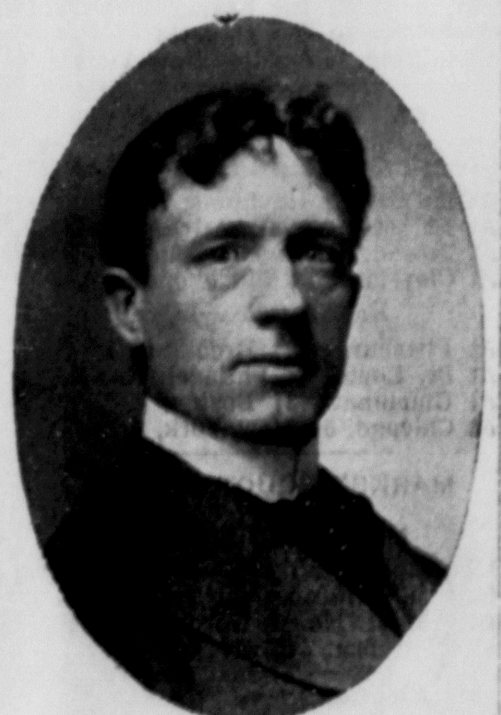

The moving, mirthful, kaleidos-
copic production known as "Uncle
Tom's Cabin" will be presented at
the Brainerd Opera House on Wed-
nesday evening, May 14, by the cele-
brated Stetson Company. There is
so much of incident, jollity, tender
sentiment, lively dialogue, specta-
cular situation and poetic justice in
ancient Uncle Tom that it will ever
be of undying interest to the multi-
tude. It is all very well to be supe-
rior to the charm of this entertain-
ment, but it furnishes pleasure to
thousands, and there is no offering
so enjoyed by young and old alike.

The cold critic is met by the logic of
the box-office and throws up his
hands. The cast is large in number,
and well distributed. The hounds
and ponies, the music and scenic
effects, costumes and accessories are
all of the best attainable. Special-
ties glitter through the evening like
stars in a wintry sky. There is buck
and wing dancing in the slave mart.
There are two Topsyies and two law-
yer Marks, and each of each pair is
better than the other, so to speak.

Eliza crossing the ice is said to be
a strong piece of acting, aided by a
scene marvelously realistic. In the
Leon Washburn-Stetson Company
there are all kinds of dramatic great-
nesses. It is in a class by itself. Go
and see it.

Howard Kyle in "Nathan Hale."

Wherever "Nathan Hale," Clyde
Fitch's play, founded upon the ro-
mance and patriotism of one of the
grandest characters that ever graced
American history, has been given
there appears to have awakened a
new and keener interest in the young
and brilliant schoolmaster, whose
services in behalf of his country are
gratefully remembered by loving
patriots who have caused monuments
and statues to be erected in his
memory. Recently we learn that a
noble bronze figure, an ideal embodi-
ment of all that appeals to the
spiritual, religious and moral nature
of manhood, a work of marvelous
beauty and grandeur, conceived and
executed by the eminent sculptor,
William Ordway Partridge, has been
completed and will shortly stand in
the College Green at Yale. While
such fitting tributes as these are en-
grossing the attention of Americans,
writers are coming forward with
great volumes of literature on the
subject of "Nathan Hale," whose
praises are being printed in praise
and verse.

WILL STRIKE MONDAY
ANTHRACITE MINE OPERATORS
DECLINE THE ARBITRATION
PROPOSITION.
LEFT TO THE DELEGATES
Question of Making the Walkout Permanent Will Be Settled by a Convention to Be Held at Hazleton Next Wednesday—Not a Particle of Doubt but That the Order Will Be Obedied to the Letter.

Scranton, Pa., May 10.—A general strike of the miners of the anthracite region has been ordered for Monday next, but the order has a reserve qualification attached. The question as to whether the strike is to be made permanent is left to the decision of a convention of delegates of all the local organizations of the mine workers to be held at Hazleton next Wednesday.

The miners' executive committee of three districts met during the morning and had a three-hour session. At its conclusion President Mitchell gave out a statement that the presidents of the coal carrying roads had refused the proposition to submit their differences to arbitration.

The committeemen again assembled and remained in session for three hours. When the session concluded President Mitchell prepared a statement, and, assembling the newspaper men at the St. Charles hotel, read to them as follows from a typewritten paper:

"To the Anthracite Mine Workers of Pennsylvania:
"Gentlemen—The executive committee of the anthracite mine workers who were delegated by the Shamokin convention to represent you in the negotiations with the railroad presidents and mine operators for the purpose of obtaining increased wages, shorter hours and better conditions of employment have exhausted all peaceable, conciliatory and honorable means at their command and have failed to secure any concessions of a tangible nature, and, while, under the resolutions adopted at the Shamokin convention, authority was vested in the executive committees, should they fail in the negotiations, to inaugurate a strike at whatever time, in their judgment, held out the greatest promise of success, the committees, after three days' serious deliberation, feel that in justice to the anthracite mine workers and those dependent upon them, before a

General Strike is inaugurated, the question should be further considered by a delegate convention, in which representatives from the various local unions shall be fully instructed by their constituents and prepared to vote in favor of or in opposition to complete cessation of work.

"In the meantime all persons employed in or around the collieries, strippings, washeries and breakers, are instructed to temporarily abstain from working, beginning with Monday May 12, and continuing thereafter until a final decision is reached by a delegate convention which will convene Wednesday morning, May 14, at Hazleton, Pa.

"The instructions for all men to suspend work on Monday does not include firemen, engineers, pumpmen and other labor necessary to preserve the properties of the operators."

The order is signed by all the district presidents and secretaries. There was a big crowd about the St. Charles hotel when the order was given out and the proverbial dropping of a pin would have been audible at any time. Immediately upon the conclusion of President Mitchell's reading the crowd scattered and in an incredibly short space of time the news had spread by word of mouth and message all through the valley. A thousand varying comments might be heard from the miners as they learned of the committee's action. No one sentence could cover the general sentiment. That there is not a particle of question but that the miners will religiously obey the order, and that on Monday next so much as a shovelful of coal will be mined in the Lackawanna valley.

WANTED IN ST. PAUL.
One of the Men Charged With Mayer's Murder Nabbed in Kansas City.

Kansas City, May 10.—Al Beard, with many aliases, wanted in St. Paul on a charge of murder, and for whose capture the Minnesota officials offered a reward of \$1,500, has been arrested here. Beard is said to be one of three men who shot and killed Policeman Charles Mayer in St. Paul on Feb. 1 last, while they were robbing a saloon. Beard was connected with a gang of bank robbers and highwaymen that was broken up at Hanover, Kan., in 1896, and in 1897 was convicted with two others of robbing the Bank of Davenport, Nev. He is also wanted for alleged complicity in the robbery of the Bank of Turin, Ia., last fall, when \$1,600 was taken. In Beard's room here were found burglar tools, dynamite and other paraphernalia.

Parliament to Discuss the Merger.
London, May 10.—It is said the government has instructed the law officers of the crown to examine the agreements and documents connected with the shipping combine. Owing to the deep interest excited by this matter the government will give a day for the debate of the subject in parliament.

Omaha Moulders on Strike.
Omaha, May 10.—Every iron moulder in the city has gone on strike. About 300 men are affected and five foundries are closed. The men demand 32½ cents an hour and a uniform scale. The proprietors of the foundries claim they cannot afford to pay the scale demanded.

FOR A BRUTAL MURDER.
John Mooney and Frank Friday Hanged at Moundsville, W. Va.
Wheeling, W. Va., May 10.—John Mooney and Frank Friday were hanged at the Moundsville penitentiary from the same scaffold with a simultaneous drop, for the murder of James Hervey, a farmer of this county, March 1, 1909. Both protested their innocence to the last and walked to their death without a tremor. Their last act was a prayer "for the men who murdered James Hervey."
The murder of Farmer James Hervey was one of remarkable brutality. Hervey was sitting with his family when the front door was broken open and Mooney or Friday shot him while the other held a club over the other members of the family. Foiled in their proposed burglary Mooney and Friday ran over the snow-clad hills to Wheeling, where they were soon tracked and arrested. Both men were hardened criminals.

BOER CLUBS PROTEST.
Cabinet Discusses Communications From Philadelphia Organizations.
Washington, May 10.—Strong representations from the Boer clubs of Philadelphia and vicinity have been received by the attorney general protesting against the further supply of the British army in South Africa from the United States. These have been discussed by the cabinet and the attorney general has been charged with the preparation of an answer, which is expected to be forthcoming very soon. There is little doubt that the answer will be based upon the investigations made by Colonel Crowder at Port Chalmette, and, in substance, will hold that there has been no breach of neutrality.

MANY RESIDENTS KILLED.
Chinese Rebels Bombard the Town of Nan Ning Fu.
Hong Kong, May 10.—Advices received here from Wu Chou say the rebels bombarded Nan Ning Fu for three hours, April 27, using modern field guns. From 300 to 400 of the inhabitants were killed. The rebels subsequently withdrew to the hills.

Bishop Made a Mandarin.
Peking, May 10.—An imperial edict just issued confers a mandarin button of the first class on the German bishop of South Shantung, the Rev. Anzer, for services in maintaining peace between Chinese Christians and non-Christians.

Equipment Entirely American.
Christiania, May 10.—A number of American engineers have arrived here and have hired 2,000 laborers to build 18 miles of railroad to the Dunder landan iron ore fields. The equipment is entirely American.

Snow at Head of the Lakes.
West Superior, Wis., May 10.—Snow is falling here and threatens to turn into a blizzard. It is a regular winter snow storm and promises to interfere with traffic.

TELEGRAPHIC BREVITIES.
The oleomargarine bill has been signed by President Roosevelt.
General Tiersias Simon Sam, president of the Haytian republic, has resigned his office.
The steamer Indian cleared from New Orleans for Cape Town Friday with 1,030 horses.
Mortimer Ruggles, once under sentence of death for having given aid and comfort to the assassin of President Lincoln, is dead at New York.

SENSATIONAL RAID.
New York Police Gather in Nearly 300 Alleged Gamblers.
New York, May 10.—Between 200 and 300 boys and men, including "The" Allen, notorious as an alleged gambler, were taken into custody in a sensational raid made by the police on an alleged gambling house on Sixth avenue. The police charge that Allen was the proprietor of the place, which is known as the "West Side club," and which has been raided on several previous occasions.
Inspector Brooke and Captain Chapman, with 40 policemen in plain clothes, planned the raid. Warrants had been secured for the alleged principals, and, at a given signal, the attacking force advanced on the house, battering in the doors with axes as they passed through the passages. They even had ladders ready and mounted to the second floor, entering by the windows. Over 300 persons were completely trapped. Every point of egress was guarded by policemen and, as the rush for escape began, the arrests were rapidly made. The police say they found the various rooms fully equipped for betting on the races and all sorts of gambling apparatus was seized.
A number of boys and negroes found in the place were allowed to go, but in all 240 persons were taken to the stationhouse.
Allen and half a dozen others were bailed in the sum of \$1,000 each.

WISCONSIN WHITECAPS.
Seven Young Men Arrested and Fined at McFarland.

Madison, Wis., May 10.—A band of whitecaps organized under the name of the Law and Order society held up and robbed Lewis McFarland in his residence in the village of McFarland. Seven young men of the village and vicinity have been arrested and confessed that they composed the band. They claim that McFarland ran a blind pig, which brought the fair name of the village into disrepute. The men arrested are well known young men in the community and all have the reputation of being law abiding citizens. It is said that the society numbers among its members 100 of the most influential citizens of the community.

The men under arrest were arraigned in court on the charge of assault and malicious destruction of property. Five of them pleaded guilty and were fined \$33.95 apiece. The two others pleaded not guilty and they were held for examination.

McLAURIN KNOCKED HIM DOWN.
Senator From South Carolina Insulted by a Drunken Man.

Washington, May 10.—There was an exciting scene in the lobby of a hotel here in which Senator McLaurin of South Carolina figured. The senator was sitting in the diningroom with a gentleman when he became the object of some offensive attention from a man whose name the senator refused to disclose, and who, the senator says, was under the influence of liquor at the time. Shortly after this the senator and his friend left the diningroom and went to the cigar stand. While standing there the man, who had followed the senator from the diningroom, approached him, whereupon Senator McLaurin knocked him down. The man's friends came to his assistance and ended the scene by hustling him away. The senator was not struck. There were no arrests.

HEAVY FALL OF SNOW.
North Dakota and Northern Minnesota Are Visited.

Grand Forks, N. D., May 10.—Snow fell over almost the entire Red river valley, reaching from Winnipeg south to the main line of the Northern Pacific. At Grand Forks the ground is covered with nearly two inches of snow, which is rapidly melting.
Reports from outside indicate that the storm was general over the valley. Winnipeg had heavy snow and the storm extended 100 miles west of there. Between here and there the fall was somewhat lighter and at Fargo the fall was scarcely noticeable.
The western boundary of the storm was the higher land just west of the valley. Beyond there there was only a light drizzle. To the east practically all the wheat growing territory of Northern Minnesota was covered and the storm reached into the woods.

THE END IS NEAR.
Lieutenant Governor Stone in an Unconscious Condition.

Watertown, Wis., May 10.—There is but the slightest hope that Lieutenant Governor Jesse Stone will survive the night. This was the information contained in a bulletin on his condition issued by his physicians. At the hour of the bulletin he was unconscious, but rallied later and called his wife and children to the bedside. He bade them each goodbye with a full realization that his end is near. He made no effort to speak beyond uttering these farewells and almost immediately lapsed into unconsciousness again.

Milwaukee Coremakers Strike.
Milwaukee, May 10.—All the coremakers in the Milwaukee foundries with the exception of those in two small shops have struck. This involves a total of upwards of 150 men. The union made demands on the foundrymen for an increase in wages, which was satisfactorily adjusted by arbitration, but they made other demands, which it was considered practically put the shops into the control of the employees. These were resisted.

Tried to Rob Express Car.
Muscatine, Ia., May 10.—An attempt was made to rob the Rock Island fast passenger train when pulling out of the station here. Three men were arrested and jailed. They refuse to give their names. Three others escaped. Two men were prying open the express car door when they were discovered and captured by the trainmen and later turned over to the officers here.

Michigan Mine on Fire.
Iron Mountain, Mich., May 10.—The Vulcan mine shaft is burning and it is feared that the entire under workings of the mine will be destroyed. Three hundred men have been rendered idle.

WILL STRIKE MONDAY
ANTHRACITE MINE OPERATORS
DECLINE THE ARBITRATION
PROPOSITION.

LEFT TO THE DELEGATES

Question of Making the Walkout Permanent Will Be Settled by a Convention to Be Held at Hazleton Next Wednesday—Not a Particle of Doubt but That the Order Will Be Obedied to the Letter.

Scranton, Pa., May 10.—A general strike of the miners of the anthracite region has been ordered for Monday next, but the order has a reserve qualification attached. The question as to whether the strike is to be made permanent is left to the decision of a convention of delegates of all the local organizations of the mine workers to be held at Hazleton next Wednesday.

The miners' executive committee of three districts met during the morning and had a three-hour session. At its conclusion President Mitchell gave out a statement that the presidents of the coal carrying roads had refused the proposition to submit their differences to arbitration.

The committee again assembled and remained in session for three hours. When the session concluded President Mitchell prepared a statement, and, assembling the newspaper men at the St. Charles hotel, read to them as follows from a typewritten paper:

"To the Anthracite Mine Workers of Pennsylvania:
"Gentlemen—The executive committee of the anthracite mine workers who were delegated by the Shamokin convention to represent you in the negotiations with the railroad presidents and mine operators for the purpose of obtaining increased wages, shorter hours and better conditions of employment have exhausted all peaceable, conciliatory and honorable means at their command and have failed to secure any concessions of a tangible nature, and, while, under the resolutions adopted at the Shamokin convention, authority was vested in the executive committee, should they fail in the negotiations, to inaugurate a strike at whatever time, in their judgment, held out the greatest promise of success, the committee, after three days' serious deliberation, feel that in justice to the anthracite mine workers and those dependent upon them, before a

General Strike is inaugurated, the question should be further considered by a delegate convention, in which representatives from the various local unions shall be fully instructed by their constituents and prepared to vote in favor of or in opposition to complete cessation of work.

"In the meantime all persons employed in or around the collieries, strippings, washeries and breakers, are instructed to temporarily abstain from working, beginning with Monday May 12, and continuing thereafter until a final decision is reached by a delegate convention which will convene Wednesday morning, May 14, at Hazleton, Pa.

"The instructions for all men to suspend work on Monday does not include firemen, engineers, pumpmen and other labor necessary to preserve the properties of the operators."

The order is signed by all the district presidents and secretaries. There was a big crowd about the St. Charles hotel when the order was given out and the proverbial dropping of a pin would have been audible at any time.

Immediately upon the conclusion of President Mitchell's reading the crowd scattered and in an incredibly short space of time the news had spread by word of mouth and message all through the valley. A thousand varying comments might be heard from the miners as they learned of the committee's action. No one sentence could cover the general sentiment.

There is not a particle of question but that the miners will religiously obey the order, and that on Monday next not so much as a shovelful of coal will be mined in the Lackawanna valley.

WANTED IN ST. PAUL.

One of the Men Charged With Mayer's Murder Nabbed in Kansas City.

Kansas City, May 10.—Al Beard, with many aliases, wanted in St. Paul on a charge of murder, and for whose capture the Minnesota officials offered a reward of \$1,500, has been arrested here. Beard is said to be one of three men who shot and killed Policeman Charles Mayer in St. Paul on Feb. 1 last, while they were robbing a saloon. Beard was connected with a gang of bank robbers and highwaymen that was broken up at Hanover, Kan., in 1896, and in 1897 was convicted with two others of robbing the Bank of Davenport, Nev. He is also wanted for alleged complicity in the robbery of the Bank of Turin, Ia., last fall, when \$1,600 was taken. In Beard's room here were found burglar tools, dynamite and other paraphernalia.

Parliament to Discuss the Merger.
London, May 10.—It is said the government has instructed the law officers of the crown to examine the agreements and documents connected with the shipping combine. Owing to the deep interest excited by this matter the government will give a day for the debate of the subject in parliament.

Omaha Moulders on Strike.
Omaha, May 10.—Every iron moulder in the city has gone on strike. About 200 men are affected and five foundries are closed. The men demand 32 1/2 cents an hour and a uniform scale. The proprietors of the foundries claim they cannot afford to pay the scale demanded.

FOR A BRUTAL MURDER.

John Mooney and Frank Friday Hanged at Moundsville, W. Va. Wheeling, W. Va., May 10.—John Mooney and Frank Friday were hanged at the Moundsville penitentiary from the same scaffold, with a simultaneous drop, for the murder of James Hervey, a farmer of this county, March 1, 1900. Both protested their innocence to the last and walked to their death without a tremor. Their last act was a prayer "for the men who murdered James Hervey."

The murder of Farmer James Hervey was one of remarkable brutality. Hervey was sitting with his family when the front door was broken open and Mooney or Friday shot him while the other held a club over the other members of the family. Foiled in their proposed burglary Mooney and Friday ran over the snow-clad hills to Wheeling, where they were soon tracked and arrested. Both men were hardened criminals.

BOER CLUBS PROTEST.

Cabinet Discusses Communications From Philadelphia Organizations.

Washington, May 10.—Strong representations from the Boer clubs of Philadelphia and vicinity have been received by the attorney general protesting against the further supply of the British army in South Africa from the United States. These have been discussed by the cabinet and the attorney general has been charged with the preparation of an answer, which is expected to be forthcoming very soon. There is little doubt that the answer will be based upon the investigations made by Colonel Crowder at Port Chalmette, and, in substance, will hold that there has been no breach of neutrality.

MANY RESIDENTS KILLED.

Chinese Rebels Bombard the Town of Nan Ning Fu.

Hong Kong, May 10.—Advices received here from Wu Chou say the rebels bombarded Nan Ning Fu for three hours, April 27, using modern field guns. From 300 to 400 of the inhabitants were killed. The rebels subsequently withdrew to the hills.

Bishop Made a Mandarin.

Peking, May 10.—An imperial edict just issued confers a mandarin button of the first class on the German bishop of South Shantung, the Rev. Anzer, for services in maintaining peace between Chinese Christians and non-Christians.

Equipment Entirely American.

Christiania, May 10.—A number of American engineers have arrived here and have hired 2,000 laborers to build 18 miles of railroad to the Dunderland iron ore fields. The equipment is entirely American.

Snow at Head of the Lakes.

West Superior, Wis., May 10.—Snow is falling here and threatens to turn into a blizzard. It is a regular winter snow storm and promises to interfere with traffic.

SENSATIONAL RAID.

New York Police Gather in Nearly 300 Alleged Gamblers.

New York, May 10.—Between 200 and 300 boys and men, including "The" Allen, notorious as an alleged gambler, were taken into custody in a sensational raid made by the police on an alleged gambling house on Sixth avenue. The police charge that Allen was the proprietor of the place, which is known as the "West Side club," and which has been raided on several previous occasions.

Inspector Brooke and Captain Chapman, with 40 policemen in plain clothes, planned the raid. Warrants had been secured for the alleged principals, and, at a given signal, the attacking force advanced on the house, battering in the doors with axes as they passed through the passages. They even had ladders ready and mounted to the second floor, entering by the windows. Over 300 persons were completely trapped. Every point of egress was guarded by policemen and, as the rush for escape began, the arrests were rapidly made. The police say they found the various rooms fully equipped for betting on the races and all sorts of gambling apparatus was seized.

A number of boys and negroes found in the place were allowed to go, but in all 240 persons were taken to the stationhouse.

Allen and half a dozen others were bailed in the sum of \$1,000 each.

WISCONSIN WHITECAPS.

Seven Young Men Arrested and Fined at McFarland.

Madison, Wis., May 10.—A band of whitecaps organized under the name of the Law and Order society held up and robbed Lewis McFarland in his residence in the village of McFarland. Seven young men of the village and vicinity have been arrested and confessed that they composed the band. They claim that McFarland ran a blind pig, which brought the fair name of the village into disrepute.

The men arrested are well known young men in the community and all have the reputation of being law abiding citizens. It is said that the society numbers among its members 100 of the most influential citizens of the community.

The men under arrest were arraigned in court on the charge of assault and malicious destruction of property. Five of them pleaded guilty and were fined \$83.95 apiece. The two others pleaded not guilty and they were held for examination.

McLAURIN KNOCKED HIM DOWN.

Senator From South Carolina Insulted by a Drunken Man.

Washington, May 10.—There was an exciting scene in the lobby of a hotel here in which Senator McLaurin of South Carolina figured. The senator was sitting in the diningroom with a gentleman when he became the object of some offensive attention from a man whose name the senator refuses to disclose, and who, the senator says, was under the influence of liquor at the time. Shortly after this the senator and his friend left the diningroom and went to the cigar stand. While standing there the man, who had followed the senator from the diningroom, approached him, whereupon Senator McLaurin knocked him down. The man's friends came to his assistance and ended the scene by hustling him away. The senator was not struck. There were no arrests.

HEAVY FALL OF SNOW.

North Dakota and Northern Minnesota Are Visited.

Grand Forks, N. D., May 10.—Snow fell over almost the entire Red river valley, reaching from Winnipeg south to the main line of the Northern Pacific. At Grand Forks the ground is covered with nearly two inches of snow, which is rapidly melting.

Reports from outside indicate that the storm was general over the valley. Winnipeg had heavy snow and the storm extended 100 miles west of there. Between here and there the fall was somewhat lighter and at Fargo the fall was scarcely noticeable.

The western boundary of the storm was the higher land just west of the valley. Beyond there there was only a light drizzle. To the east practically all the wheat growing territory of Northern Minnesota was covered and the storm reached into the woods.

THE REED IS NEAR.

Lieutenant Governor Stone in an Unconscious Condition.

Watertown, Wis., May 10.—There is but the slightest hope that Lieutenant Governor Jesse Stone will survive the night. This was the information contained in a bulletin on his condition issued by his physicians. At the hour of the bulletin he was unconscious, but rallied later and called his wife and children to the bedside. He bade them each goodbye with a full realization that his end is near. He made no effort to speak beyond uttering these farewells and almost immediately lapsed into unconsciousness again.

Milwaukee Coremakers Strike.

Milwaukee, May 10.—All the coremakers in the Milwaukee foundries with the exception of those in two small shops have struck. This involves a total of upwards of 150 men. The union made demands on the foundrymen for an increase in wages, which was satisfactorily adjusted by arbitration, but they made other demands, which it was considered practically put the shops into the control of the employees. These were resisted.

Tried to Rob Express Car.

Muscatine, Ia., May 10.—An attempt was made to rob the Rock Island fast passenger train when pulling out of the station here. Three men were arrested and jailed. They refused to give their names. Three others escaped. Two men were prying open the express car door when they were discovered and captured by the trainmen and later turned over to the officers here.

Michigan Mine on Fire.

Iron Mountain, Mich., May 10.—The Vulcan mine shaft is burning and it is feared that the entire underground workings of the mine will be destroyed. Three hundred men have been rendered idle.
